PAN GALACTIC GARGLE BLASTER

Small Batch Gin

WANT YOUR GARGLE BLASTED?...

for want of a better term, i shall refer to this mysterious concoction as a 'pan-galactic gargle blaster'. it's all too evident that these creatures have cocktail knowledge far in advance of our own. it's my guess that in some way they are able to generate an intense flavour within a chamber of glass – infused with mandarin, tamarind, native peppercorns (from their own planet) and chilli. this intense flavour they project in a parallel beam against any object they choose, by means of a polished, parabolic cocktail shaker of unknown composition, much like a lighthouse projects a beam of light. that is my conjecture of the origin of this 'pan-galactic gargle blaster'...
